New Play Area for Kingsdown Recreation Ground!

We are delighted to announce in November 2016 plans from Friends of Kingsdown Play Park (FKPP) for the first phase of a new and exciting play area were reviewed and agreed by Ringwould with Kingsdown Parish Council.

This new play area has come about because of the enthusiasm and hard work of FKPP over the last 18 months. They have acquired sufficient funds by local fund raising of a May Day Event, quiz nights, Autumn Scarecrow Trail within the village, raffles, barrels of booze at Kingsdown Rocks to mention only a few!! In addition they have applied for and been successful with several awards and grants, which include the Lottery, and other local and national organisations and businesses. Well done FKPP!!

On Tuesday 20th December the order was signed with Eibe (play equipment manufacturer) for a new play area consisting of Toddler climbing frame with slide, Stand-Up see-saw, 2 spring rockers, Toddler swings, Flat swings, 2 interactive play panels, a Rope Tree Stork’s Nest climbing frame, 2 benches and 2 picnic tables, all with new surfacing. The installation of the new play area and equipment will take place in the spring of 2017.

Ringwould with Kingsdown Parish congratulate FKPP for all their efforts in providing a new play area; the parish council fully support the project and will contribute up to 10K towards the total project costs.

Fundraising continues for the second phase of the project which may include the purchase and installation of a zip wire, large climbing frame with slide for older children, a satellite carousel, further surfacing, fencing and gates.
